

Transformative Capital for the Industrial Market

Industrial Specialists Trusted Partners

For nearly three decades, IGP has partnered with founders, families and management teams to help fundamentally healthy industrial businesses navigate ownership transitions, strengthen leadership teams, accelerate growth and build stronger companies.

We believe deep sector expertise and long-term partnerships create value beyond capital.

Businesses We Seek

Revenue up to \$250M; EBITDA up to \$40M
Manufacturing and industrial services businesses
Strong defensible market positions
N.A.- based platforms; global add-ons
“Intermediate” products sold in B2B settings
Strong cash flow generation and healthy margins

Why Partner With IGP

29 years focused exclusively on industrials
Trusted partner through ownership transitions
Deep industrial operating resources
Collaborative, management first approach
Flexible transaction structures
Relationship-driven investing

Industrial Sector Focus

Aerospace & Defense

Commercial Aerospace, Defense and Space

Engineered Components

Precision-engineered for complex and demanding applications

Thermal & Structural Materials

Lightweighting, survivability and high-temperature applications

Hi-Rel Electronics

Electronics for failure-intolerant applications

Advanced Materials

Serving A&D, industrial, infrastructure, transportation and medical

Specialty Chemicals

Formulated CASE chemistries, additives, polymers, ingredients

Performance Materials

High-performance films, foams, tapes, fabrics and composites

Engineered Products

High-value products built into broader assemblies and systems

Infrastructure & Power

Electric utility, municipal, renewables, data center and C&I markets

Electrical & Power Products

Generation, T&D, substation, distributed and behind-the-meter

Waterworks Products & Services

Municipal, industrial and commercial waterworks infrastructure

Data Center & Critical Power

Backup power, energy storage and recurring technical services

Industrial Technology

Semiconductor, life sciences, chemical, food & beverage and water

Test & Measurement Instrumentation

Fluid Control, Filtration & Pumps

Process Instrumentation & Controls

Critical Industrial Services

Current Portfolio Companies

Our portfolio reflects nearly three decades of investing in specialized industrial businesses

 AdvancedPCB™ Aurora, CO Complex, quick-turn PCBs for A&D and industrial markets	 AEM San Diego, CA High-reliability electrical components for A&D, power & industrial markets	HYDROMAX USA Dallas, TX Outsourced water, wastewater and gas infrastructure services	 bmg Beaverton, MI Turnkey thermoforming & packaging automation for the food & beverage market
 DOUBLE E GROUP West Bridgewater, MA Engineered web converting & handling components and equipment	 HULTEC Houston, TX Engineered sealing solutions for waterworks and industrial applications	 Process Insights Houston, TX Analytical test & measurement instrumentation for semiconductor and industrial markets	 AMG Alpha Measurement Group Danbury, CT Mission-critical metal-formed components for A&D and industrial markets
 Marki microwave Morgan Hill, CA High-performance RF & mmWave components for A&D, T&M, Quantum markets	 SENS Longmont, CO Integrated DC power systems & battery monitoring solutions for datacenter infrastructure and other markets	 LAMART CORPORATION Flexible Laminate Solutions Clifton, NJ Custom coating & laminating solutions for A&D and other critical applications	

Selected Prior Portfolio Companies
